SUBJECT: Summit Related Activities - follow-up

Following our meeting, I also received a request from Mr. Assadi for a list of the participants who attended the summit related meetings that require "thank you's". Keeping in mind our discussions and your request to inform Richard Jolly of the follow-up to the following, I did some research and produced the attached report on the status of "thank you's".

- * Child Survival Task Force meeting;
- * Background on Substantive Issues - media briefing; and
- * Tidewater Group meeting.

From the attached you will see that I supplied Mr. Assadi not only with the report identifying the participants, their participatory role, and if action is pending, but also included other relevant materials. Since Mr. Assadi was given a deadline of 26 October to ensure all "thank you's" were sent, I produced this material as soon as was possible.

I spoke with Mr. Hossaina, Mr. Assadi's assistant, explaining the materials and also advised him that Bob wrote to both Mr. Grant and Michael Shower (12 October), and also to Richard Jolly (90/180, 11 October). Copies of those are attached for you. I do not believe Bob had wanted these widely distributed and thus copy these only to you.

Meantime, although back at my post, I am hoping to complete the RAMP and archiving training in order to begin the final classification of files and onward transmission to the archives which will finalize my tasks related to the Summit.

The Summit was a challenge that I enjoyed and from which I have learned. It is still amazing to me how these three meetings were planned, organized and were successfully pulled off within the space of one month. In spite of all limitations for the Summit Related Activities, I believe all meetings were triumphant and I'm proud to have been a part of this group.

These duties also gave me the opportunity of working with you too, and I would like to express my thanks to you for your guidance during those busy times.
