Coupure de Presse

For future reference I am noting below a statement made by Marlon Brando during his recent visit to Istanbul, Turkey: (as quoted by MILLIYET, an Istanbul daily newspaper)

" Many people shirk their responsibilities in the social field. But I am pushed into social responsibilities because of my instincts. This is the reason for my taking part in UNICEF's campaign to save 800.000.000 children of the world who are suffering from hunger and malnutrition. I hope that many well known stars and authors will answer our appeal and participate in a TV show to be organized in Paris - and I hope that funds will flow in UNICEF after this show which will be watched by 270 million people."
